

ALEXEY YAKOVLEV

FRONT-END DEVELOPER

SUMMARY

Looking for a job as a Front end React developer, I have over year of commercial experience and react courses.

For the last 3 years I have made up sites and implemented functionality and logic in JS.

My Stack:

React, TypeScript, JS, GraphQL/Apollo, MaterialUI, HTML, CSS(SCSS), CMS (wordpress), Gulp/Webpack, Bootstrap.

My pet project ToDo List (react, typescript, hooks):

https://github.com/catWebua/PetProject_ToDoList_React.git

My site portfolio:

<https://catwebua.github.io/alexi/>

Plus a portfolio of 15 projects in freelance (links on request)

My project is on vue:

<https://catwebua.github.io/alexi/site/crocodile/>
